THE COMPANY

M/s Voltronix Contracting LLC, commonly known as "**VOLTRONIX**" is an engineering & construction company specialized in civil construction, interior decoration and MEP engineering in Dubai.

VOLTRONIX has successfully delivered projects over the last 10 years in Dubai for DEWA, NAKHEEL, EMAAR, and JAFZA. The company consists of a highly qualified and organized team led by professional engineers dedicated to delivering solutions that ensure client satisfaction. We have carved a niche for ourselves as one of the reputed players in the contracting industry, offering a full spectrum of construction services with expertise in civil, electrical, and mechanical works.

VOLTRONIX's commitment to deliverin high-standard engineering services assures all its clients of total quality service. Custom-tailored services are offered by our well-trained team comprising design engineers, project engineers, supervisors, and skilled workers has made VOLTRONIX a much sought-after company for quality workmanship

VOLTRONIX's operations are spread across multiple locations in the UAE. We offer a wide range of professional services in engineering design, construction, contracting, and project management to ensure our esteemed clients benefit from our comprehensive solutions. Addressing the Engineering & Construction challenges effectively and innovatively with our diversified expertise and value-added engineering solutions. We have been successful in securing and executing civil, interior, and MEP projects.

Services offered by **VOLTRONIX** include the design, supply, and installation of engineering and construction solutions such as:

Civil : Substation, Villas, Warehouse & Swimming pools
Interior: Offices, Villas, Shops
MEP : HVAC services, Electrical services & Plumbing services

"We take great pride in employing the best workforce with technical expertise and industry-specific knowledge enabling us to execute technically critical projects within the specified timeline without compromising quality or safety.

We are a trusted employer dedicated to ensuring the health, safety, and environmental well-being of our employees."

MISSION, VISION & VALUES

MISSION

Voltronix strives to execute projects with the highest level of excellence and professionalism, delivering value that exceeds our customers' expectations and ensures their satisfaction.

VISION

To be a leading construction and MEP services company recognized for its expertise, quality, proactive project delivery, and commitment to the highest professional standards and values.

VALUES

Exceed client expectations in terms of value, cost-effectiveness, timeliness, and support. Uphold the highest standards of corporate ethics and integrity. Provide our employees with a supportive environment that enables them to develop, grow, and prosper.

HEALTH, SAFETY & ENVIRONMENT POLICY

- Ensure the education, interest, and awareness training of new employees in safe working methods before assuming duty.

- Ensure that the organization is a safe place, and the environment, facilities, equipment, and substances are subject to safe systems of work to prevent risks to health or safety.

- Promote personal responsibility and effort on the part of everyone to avoid and prevent health hazards and injuries to themselves or others who may be affected by their acts or omissions, and to cooperate with the organization to comply with its duties, requirements and statutory obligations.

- Ensure the use of defensive driving techniques by vehicle drivers and machine operators.

- Ensure that safety is treated as a time-management responsibility.

- Health, Safety and Environmental Care are core values of VOLTRONIX and a firm basis for our long-term success and business leadership. The health and safety of our employees, and environmental stewardship, continues to be the first consideration in the operation of our business. Our facilities share the common goals of safe and healthy work conditions, pollution prevention, conservation of natural resources, the reduction of greenhouse gases and the implementation of effective waste management practices.

- All injuries, illnesses and work-related incidents can and must be prevented. Each of us is responsible for achieving this goal. Safety, health and environmental care must be part of every operation.

- We believe that no circumstance justifies a violation of health, safety, or environmental requirements or behaviors that neglect our employees.

- Safe work is a mandatory condition of employment in our company, without question, it is every employee's responsibility at all levels.

- It is the intent of our company to comply with all health, safety and environmental local laws and other requirements.

- We will maintain safety, health and environmental management programs conforming to the best practices of organizations of this type with a strong commitment to continual improvement. To be successful, such programs must embody proper attitudes toward injury, illness, and pollution prevention, not only on the part of supervisors and employees, but also between each employee and his or her co-workers. Only through such a cooperative effort can a health, safety and environmental program be established and preserved.

In VOLTRONIX, Managers at all levels of the Company are responsible for:

- Demonstrating proper safety and environmental behavior at work through their personal example;
- Supporting and encouraging safe behaviors by employees and contractors, as well as ensuring that the Company is taking the required actions to prevent unsafe conditions and behaviors in the workplace;
- Maintaining open, two-way communications with employees on health, safety, and environmental issues;
- Driving continuous health, safety, and environmental improvements at Company workplaces, production units, and across facilities;
- Taking into consideration the possible risks and requirements related to health and safety;
- Displaying and publicizing this statement and reviewing it at least biannually. Each employee, without regard to his or her position or profession, must:
- Follow all safety and environmental requirements applicable to his or her work, including the proper use of personal protective equipment.
- Immediately stop unsafe actions, without regard to who is performing them.
- Take all applicable measures within his or her control to eliminate hazards which are discovered in order to protect people's health and safety. If such measures cannot be taken, immediately notify a supervisor.
- Immediately report to his or her manager all safety concerns related to the work being carried out, as well as all incidents which present a hazard to people, production, or the environment.

NO WORK SHALL BE STARTED IF IT CANNOT BE PERFORMED SAFELY

Committed by
VOLTRONIX CONTRACTING LLC

WE MANAGE

We are a licensed company that provides simple and effective engineering solutions to help clients obtain approvals from Dubai Municipality efficiently.

DEWA approvals refer to the permits and certifications issued by the Dubai Electricity and Water Authority (DEWA) for various construction, demolition, and infrastructure projects, as well as electricity and water connections.

The Roads and Transport Authority (RTA) in Dubai is responsible for planning, building, and maintaining the city's roads and transportation systems.

Dubai Civil Defense (DCD) is an emergency management authority in Dubai that plays a vital role in ensuring industrial and commercial safety and security throughout the emirate.

Trakhees is the regulatory authority under the Ports, Customs & Free Zone Corporation (PCFC), responsible for issuing licenses and approvals for developments within its jurisdiction, including JAFZA and Nakheel projects.

DIEZ drives the future of Dubai's knowledge and innovation economy by providing an integrated ecosystem that accelerates business growth, fosters global talent, and enhances competitiveness on the world stage.

Dubai South has established an efficient approval process to facilitate business setup and operations within its jurisdiction.

Approvals from Nakheel are essential for various construction and development activities, including residential, commercial, and mixed-use projects.

Concordia oversees community facilities management and compliance within its developments, ensuring projects meet required safety, quality, and operational standards.

TECOM Group plays an integral role in supporting Dubai's economic diversification and strengthening its position as a global business hub.

Emaar approvals are required for construction, fit-out, and modification works within Emaar communities. The approval process ensures compliance with Emaar's design and safety standards before project execution.

Securing JAFZA approval is essential for businesses looking to establish or modify facilities within the free zone.

DIFC is the leading international financial hub in the Middle East, Africa, and South Asia, fostering business growth and economic development.

Dubai Silicon Oasis Authority (DSOA) manages planning, design, and construction approvals within Dubai Silicon Oasis, ensuring that all projects comply with technical, safety, and community standards.
